FRANCESCO
MOLON

Live well.

E C L E C T I C A

collection

With its Eclectica collection Francesco Molon puts a unique Italian accent on Deco styling, stepping out of the box of traditional design and into the glitz and glam of Art Deco.

The collection overflows with romance, elegance and sophistication, creating a sense of theatre out of daily living. Exotic wood species such as Makassar, ebony and zebrawood are brought into the design. Equipped with a richer and more reflective glossy finish dramatising the pure star quality of each design. Throughout, there are surprise and special touches where silver takes the place of gold leaf for a shimmering retro look, while onyx adds style and fascination to a sideboard. With its diversity of character, Eclectica takes Interior styling to a whole new level.
