

# Zanette, night atmospheres

Elegant and personal, they are the backdrop for intimacy, where one can totally let go and relax. Time slows down, life expands. Secret spaces open up behind the scenes where dreams can be shared and new stories created. Each thought, each detail finds an order of its own.

ZANETTE

## Zanette, atmosfere notturne

Modernità, trasversalità, unicità: le collezioni Zanette esprimono i valori che da oltre cinquant'anni guidano l'attività dell'azienda, insediata nel cuore produttivo del Nordest italiano. Moderna è la visione e l'aspirazione di Zanette: dare forma ad arredi sofisticati, capaci di definire linee senza tempo e di incarnare gli stili di vita contemporanei. La cura scrupolosa del dettaglio progettuale – tecnico ed estetico –, l'industrializzazione dei processi e la qualità artigianale delle lavorazioni si traducono in prodotti affidabili e funzionali, sviluppati secondo una rigorosa politica di rispetto ambientale, grazie a procedure certificate che abbracciano ogni aspetto, dalla selezione dei materiali ai trattamenti, all'imballo.

Trasversalità è il filo rosso che percorre le collezioni Zanette. Sistemi componibili, elementi singoli e complementi sono pensati per costruire atmosfere coerenti nelle zone giorno e notte e interpretare con libertà ogni ambiente. Le continuità e i contrasti cromatici e materici, la proporzione geometrica delle forme, la dinamica dei pieni e vuoti permettono di organizzare scenografie accoglienti ed eleganti, in cui abitare e riconoscersi. Unica è la qualità che il design Zanette conferisce a ogni spazio. La ricchezza e la personalizzazione delle finiture consentono di realizzare composizioni esclusive e di rispondere a ogni esigenza, sia nel residenziale sia nel contract.

## Zanette, night atmospheres

Modernity, flexibility, uniqueness – Zanette’s collections encompass the values that have guided our business for over fifty years, here in the productive heart of north-eastern Italy. Modernity of vision and aspiration: creating sophisticated furnishings, with timeless lines, able to personify contemporary lifestyles. The painstaking care over design details – technical and aesthetic – the industrialisation of processes and the artisan quality of workmanship result in products that are reliable and functional, created according to a strict policy of environmental respect, thanks to certified procedures that cover every aspect, from choice of materials to finishes and packaging.

Flexibility is the recurrent theme of Zanette’s collections. Modular systems, single elements and accessories are designed to create coherence of atmosphere in the day and night zones and to interpret all rooms in total freedom. Continuity and contrasting colours and textures, the geometric proportion of the shapes, the dynamics of the full and empty spaces make it possible to arrange welcoming, elegant settings in which to live and be oneself. Unique is the quality that design by Zanette brings to every space. The rich, customised finishes allow for exclusive arrangements, suitable for all requirements, whether residential or contract.

Il riflesso iridato della perla, la tonalità delicata della pelle, la sfumatura calda del tramonto. Rosa è l'anima delicata dei sogni che prendono forma. Come pennellate decise, gli arredi definiscono una scenografia poetica e confortevole.

The iridescent reflection of pearl, the delicate tones of the skin, warm sunset shades. Pink is the delicate soul of a dream taking shape. Just like purposeful brushstrokes, furniture defines a poetic and comfortable setting.

Gola, Liscia

L'ombra che passa timida sulle cose, la venatura informale del marmo, un battito d'ali. Tortora è la tonalità dell'attesa che prepara il silenzio. Incontri, sovrapposizioni e intersezioni materiche tracciano armoniosi volumi nello spazio.

A shadow spreads shyly over objects, informal marble veins, wings flutter. Turtledove grey colours the anticipation that prepares silence. Meetings, overlaps and intersections of materials draw harmonious volumes in space.

## Al centimetro Arrangements

Più che un armadio, un programma infinito di soluzioni generato dallo spazio e dalla fantasia. Configurazioni a parete o angolo, mansardate, passaggi porta, ponti, nicchie: la concezione razionale degli elementi e la cura sartoriale dei dettagli consentono di trasformare la casa in un mondo confortevole, capace di assecondare i ritmi, le necessità e i desideri della vita quotidiana.

Beyond the concept of a wardrobe, an endless array of solutions generated from space and the imagination. Wall, corner or loft configurations, door passageways, bridging units and niche arrangements: the rational concept of units and tailored care to detail transform your home into a comfortable world capable of favouring the pace, needs and desires of everyday life.

## Al centimetro Dimensions

Oltre lo standard. La versatilità delle misure – la larghezza e l'altezza sono personalizzabili al millimetro – si adatta a ogni esigenza. Come un respiro modulato, l'armadio Zanette si espande nello spazio, senza limiti.

Beyond standard sizes. Versatile measurements – widths and heights can be customised to the millimetre – to adapt to any requirement. Like modulated breathing the Zanette wardrobe expands into space without limits.
